

- **04329: Revolution Black Mic Stand**

The Euromet 04329 is a revolution 1200-1650mm three section black microphone stand, made of steel, with cast-iron round base D.280mm, and PVC inserts.

Thanks to the new self-locking system, the support will lock in to place and will automatically keep all the positions. It is supplied with a cable and thread adapter 3/8" and a M12x1 thread inside, M16x1 outside. In order to facilitate transport it can be fully folded.
