

Telephone based door entry solution

- ♦ Are you tired of constantly looking for your keys?
Would you like to open your door using a code or your mobile telephone?
- ♦ Do you want to not only hear the person outside your door, but see him/her also?
- ♦ Are you away from home/the office but still want to open your door to a visitor?
- ♦ Do you require simple functions from your door system or are you particular about modern design?

Thanks to the 2N Helios door entry system you do not have to wait at home for delivery of an important document. You can open the entrance door remotely using your mobile phone.

Mr. Brown is leaving his house and activates the Departure mode via his desk phone on his 2N Helios door entry system.

Mr. Smith, a colleague of Mr Brown, arrives and brings him an important draft project. He rings the bell, but nobody is at home.

Mr. Brown's phone is ringing on his way to a meeting. Somebody is calling at his house entrance and the call is redirected to his mobile.

His colleague Mr. Smith is standing outside his house and Mr. Brown finds out that his colleague has brought him an important document.

Mr. Brown enters a code on his mobile phone and opens the door for Mr. Smith.

Mr. Smith goes into Mr. Brown's house.

Mr. Smith places the draft project on the table as agreed and leaves.

Mr. Brown is happy. Thanks to **2N Helios** he did not have to waste his time at home waiting for the document.

Telephone based door entry solution

What benefits does 2N Helios bring you?

- ♦ **You do not need a key to get into your office** – you can simply open the office door by entering a numerical code or using a card, which you swipe against the contactless card reader.
- ♦ **You can open the entrance door from anywhere** – if you are in the office you can use your desk phone, if not use your mobile phone.
- ♦ **You can see your visitors as well as hear them** – thanks to the built-in video camera, you can see all arriving guests on your computer monitor.
- ♦ **You can easily find the name you are looking for on the well-designed display** – you can save names, logos etc. Searching for a contact is as simple as on your mobile phone.
- ♦ **You can open up to two entrances with one touch of a button** – first open the gate into the complex for your visitor and then main entrance to the building.

Are you building or renovating a house? Are you looking for the optimum solution for the entrance door to your company/ hotel/hospital or family house? **2N Helios** is designed just for you. Thanks to its modularity, this door entry system can be used both for smaller houses as well as for more extensive buildings, which normally requires several tens of buttons.

We manufacture **2N Helios** in several models; one example is the "Antivandal 2N Helios", which protects the door entry system against damage.
