R28 Installation Accessories:

R27RH

R28 Intercom Weather and Security Housing

Designed for wall-mounting, this rainhood housing provides additional protection for the Akuvox R28A Intercoms from inclement weather and provides glare reduction for the intercom's camera in bright sunlight.

R27R28XF

Flush Mounting Back Box for Akuvox R28 Door Intercom

Provides a secure flush-mount system for the Akuvox R28A IP intercom into brick, plaster, block walls etc.

R27R28XS

Surface Mounting Back Box for Akuvox R28 Door Intercom

Provides a secure surface-mount system for the Akuvox R28A IP intercom onto brick, plaster, block walls etc.

Akuvox R27A

IP Door Intercom with Colour Camera,
Keypad & RFID Card Reader

Find out more:

R27 Installation Accessories:

R27RH

R27 Intercom Weather and Security Housing

Designed for wall-mounting, this rainhood housing provides additional protection for the Akuvox R27A Intercom from inclement weather and provides glare reduction for the intercom's camera in bright sunlight.

R27R28XF

Flush Mounting Back Box for Akuvox R27 Door Intercoms

Provides a secure flush-mount system for the Akuvox R27A IP intercom into brick, plaster, block walls etc.

R27R28XS

Surface Mounting Back Box for Akuvox R27 Door Intercoms

Provides a secure surface-mount system for the Auvox R27A IP intercom onto brick, plaster, block walls etc.

Akuvox A05 Series

IP Access Control Reader with Face Recognition, Bluetooth, RFID & QR Code Reader

Find out more:

A05 Installation Accessories:

E16-A05H

A05 Intercom Weather and Security Housing

Designed for wall-mounting or stand-alone gooseneck pole mounts, this housing provides additional protection for the Akuvox A05 Access Reader. Allows the intercom unit to be flush mounted into brick, block, plasterboard, etc.

E16-A05W

Flush Mount Back Box for A05 Access Reader

Designed for in-wall mounting, this housing provides additional protection for the Akuvox A05 Access Reader. Allows the reader to be flush-mounted into brick, block, plasterboard etc.

382210 Single Height Gooseneck Intercom Stand - Car Height

Car height intercom stand for access control keypads, readers and door entry panels. Finished in black to complement gate and other access areas.

382220 Dual Height Gooseneck Intercom Stand - Car & Lorry Height

Dual height mounting post ideal for mounting access control keypads, readers and door entry panels at entrances to lorry parks, distribution centres, or logistics zones.

R20GBP A05 Access Reader Gooseneck Backplate

Backplate adaptor to attach A05 intercom weather and security housing onto gooseneck stands.

Akuvox E16C

IP Access Control Unit & SIP Intercom,
Touchscreen, Face Recognition,
Bluetooth, RFID & QR Code

Find out more:

E16 Installation Accessories:

E16-A05H

E16 Intercom Weather and Security Housing

Designed for wall-mounting or stand-alone gooseneck pole mounts, this housing provides additional protection for the Akuvox E16C Intercom from inclement weather and provides glare reduction for the intercom's camera in bright sunlight.

E16-A05W

Flush Mount Back Box for E16 Door Intercom

Designed for in-wall mounting, this rainhood housing provides additional protection for the Akuvox E16C Intercom. Allows the intercom unit to be flush mounted into brick, block, plasterboard, etc.

382210 Single Height Gooseneck Intercom Stand - Car Height

Car height intercom stand for access control keypads, readers and door entry panels. Finished in black to complement gate and other access areas.

382220 Dual Height Gooseneck Intercom Stand - Car & Lorry Height

Dual height mounting post ideal for mounting access control keypads, readers and door entry panels at entrances to lorry parks, distribution centres, or logistics zones.

R20GBP Gooseneck Backplate for E16 Door Intercom

Backplate adaptor to attach E16C intercom weather and security housing onto gooseneck stands.

Akuvox E18C

IP Access Control Unit & SIP Intercom,
Touchscreen, Face Recognition,
Bluetooth, RFID & QR Code
