

## ○ B250T EN: 15W Suspended Ball Speaker

The industry standard for the distribution and retail 'shed' sectors, the B250T EN offers excellent voice clarity and music reproduction. The unit features a 17cm bass unit with coaxial tweeter, within a robust, yet lightweight ABS housing.

Cable termination is via binding posts and tappings adjusted via multi-step switch. The unit is supplied with a suspension eye for safety and security.

### Features:

- Lightweight ABS construction
- Screw terminal connection
- Suspension eye
- White colour
- Full range coaxial driver
- 100v Power Tappings
