

• **CLB-2970A-2UK:** Discreet Thru' Desk Pop-up Dual Power Outlet in Black Brushed Steel

The **CLB-2970A-2UK** is a Through-Desk Mount Power Connection Box which can be flush mounted into a desk or table top to provide discreet, out-of-the-way connectivity of dual UK Power Sockets.

This pop-up Electrical Socket Hub features permanently installed feed-thru' UK 3-pin Power outlet sockets. When closed, the **CLB-2970A-2UK Power Hub** is flush-mounted to the desk showing a discreet, brushed black steel finish. Press the lid, and the hub's pneumatic hinged lid pops up to reveal the 2 UK electrical sockets. These are feed through connectors which are linked at the base of the unit and, therefore, are hidden away underneath the desk / table.

This unit is ideal for installation in all types of desks, work benches, boardroom tables, classrooms, demo rooms, etc., where access to power can easily be gained from the surface of the desk / table top.

Features:

- Flush Mount Dual Electrical Socket Console
- Pneumatic hinged pop-up Lid
- Features 2 x 3-pin UK Electrical Sockets
- Stylish, discreet, black brushed-steel finish
- Supplied with IEC mains connection cable
- Strong and durable steel construction
- Easy to install and terminate
