

• **Elma 22:** Credit Card Multimeter - AC/DC Voltage

The new Elma 22 is a stylish, compact pocket Multimeter in card format, featuring a clear, large-format display.

The instrument measures voltage, resistance, frequency analysis, diodes and capacitance and is equipped with automatic range selection, auto-off and data hold.

The instrument is supplied complete with manual, batteries, test leads and rugged protective rubber sheath.

**Features:**

- Measures voltage, resistance, frequency analysis, diodes and capacity
- Automatic range selection
- Automatic power-off
- Data hold
- Compliant with IEC 61010-1 CAT III 300v and CAT II 600v

 TSI Code: 395661714

**Specifications:**

Model:	Elma 22
Voltage	0 – 400m, 4, 40, 400, 600v AC/DC
Accuracy	DC: ± 2% +2D, AC: ± 2% +5D
Resistance	0 – 400, 4, 40, 400k, 4M – 40MΩ
Frequency	5Hz ~ 1MHz
Capacitance	0 – 50, 500N, 5, 50, 500µ – 3000µF
Diode Test	0 – 4,000v / 0.25 mA
Display	3 – ¾ digits 4000 counts; Updates 3 per second nominal
Battery	3v CR2032 (included)
Dimensions	113(H) x 53(W) x 10(D) mm
Weight (Net)	0.08kg
Weight (Gross)	0.40kg
