

• **Elma 25: Credit Card Multimeter - Auto Check AC/DC Voltage**

The new Elma 25 is a stylish and compact, card format pocket Multimeter, equipped with brand new intelligent 'Auto Check' function which automatically detects and selects AC voltage, DC voltage and reviewing test/resistance.

The Elma 25 has a large display and measures voltage, resistance, frequency analysis and capacitance and features automatic range selection, auto off and data hold.

Supplied complete with manual, batteries, test leads and robust rubber protective cover.

Features:

- Measures voltage, resistance, frequency analysis and capacitance
- Automatic AC/DC detection/selection
- Automatic range selection
- Automatic power-off
- Data hold
- Compliant with IEC 61010-1 CAT III 300V and CAT II 600V and comes complete incl. manual, batteries, test leads and robust rubber protective cover.

 TSI Code: 395661879

Specifications:

Model:	Elma 25
Voltage	0 ~ 60, 60 ~ 450v AC/DC
Accuracy	±1.2% + 5D
AC	±1.5% + 5D
Resistance	0, 6, 60, 600k, 6M ~ 40MΩ
Frequency	10Hz ~ 100kHz
Capacitance	0, 100, 1000N, 10μ ~ 2000μF
Display	3 ~ 5/6 digits 6000 counts; Updates 5 per second nominal
Max. View	5999
Battery	3v CR2032 (included)
Dimensions	113(H) x 53(W) x 10(D) mm
Weight (Net)	0.08kg
Weight (Gross)	0.40kg
