

• **Elma RT606A: Humidity & Temperature Meter**

The **Elma RT606A** is a handy electronic **Phase Rotation Tester** with bright LED indicators displaying rotating field and the individual phases.

The professional Phase Rotation test instrument complies with IEC 61010-1 CAT III 300V and comes with test leads, 3 insulated alligator clips and 3 test sticks.

Applications

Can be used to determine the Phase Rotation of a 3 Phase Supply to ensure correct installation of power supplies and electric motors.

Features

- Measures phase rotation of a 3 Phase supply
- Bright LED indicators
- Supplied with Test Leads, 3 x insulated alligator clips and 3 x test sticks
- Complies with IEC 61010-1 CAT III 300V

Specifications:

Model:	Elma RT606A
Operating Voltage	150 ~ 500v
Frequency	50/50Hz
Measuring Current	<3.5mA
Dimensions	130(H) x 72(W) x 30(D) mm
Net Weight	0.19kg
