

◦ IMC250T EN: 30W Omni-suspended Loudspeaker

Using a parabolic dish to distribute the sound over a larger area, the IMC250T EN is ideal in larger retail outlets, shopping centres, distribution warehouses, etc.

Screw terminals and adjustable wattage selection are standard features of this cost effective choice, which provides up to 5 times more coverage than conventional loudspeakers. Supplied with suspension eye for safety and security.

Features:

- ABS (Ball) / Metal (Dish)
- Screw terminal connection
- Suspension eye
- White colour
- Full-range, two-way driver
- 100v Power Tappings
