

Clever Little Box

- **SLA50:** 50W 100v Line Volume Control
- **SLA100:** 100W 100v Line Volume Control

The SLA range of 100v Line Attenuators (volume controls) offer the ability to control the level of individual loudspeaker lines via an elegant, flush-mounting wall control plate.

Both Models - SLA50 (50W) and SLA100 (100W) - feature 10-step plus off-position notched control knobs, connected to high quality audio transformer and fitted to attractive single gang (SLA50) or double gang (SLA100) faceplates with contemporary screwless finish.

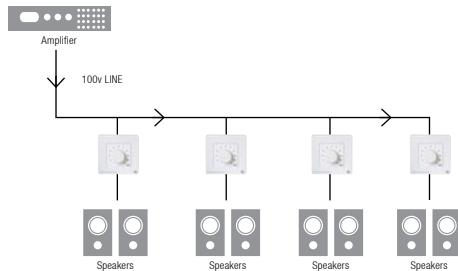

As well as volume adjustment, the units incorporate volume restoration facility, which will override the setting of the control knob and output the volume to full, when presented with a 24v DC control voltage.

Adding the SLA to your loudspeaker network as shown will allow control of the loudspeakers located after the insertion point.

Adding the SLA to individual loudspeaker feeds will allow each unit to be set/controlled.

Switched 24v DC (eg. from fire alarm or emergency panel) will override the SLA individual settings and output the volume to full power.

Specifications:

Model:	SLA50	SLA100
Power Rating	50W RMS	100W RMS
Settings/Steps	Off, 1 x 6dB, 9 x 3dB Steps	Off, 1 x 6dB, 9 x 3dB Steps
Paging Override Voltage	24v DC	24v DC
Colour	White	White
Termination	Rear-mounted screw terminals	Rear-mounted screw terminals
Dimensions	86(W) x 86(H) x 44(D) mm	95(W) x 165(H) x 44(D) mm
