

- **StagePro BH:** StagePro System with Headset Microphone (UHF)
- **StagePro BT:** StagePro System with Tieclip Microphone (UHF)
- **StagePro H:** StagePro System with Handheld Microphone (UHF)

The new StagePro is the latest addition to our marketing-leading Wireless Portable PA System Range.

Weighing in at only 12.2kg, the StagePro includes internal class D amplifier, full-range loudspeaker, UHF Ch. 38 Receiver, MP3 Player (via USB/SD Card), rechargeable battery and graphic EQs – all in a carry-away unit small enough to sit on a table top.

The Chiayo StagePro also features a number of additional wired microphone inputs and line inputs, as well as Active Out for linking to additional loudspeakers and Line Out for recording purposes.

The StagePro wireless, portable audio system is ideal for presentation and background music applications such as retail marketing and demonstrations, education & training and leisure use (the StagePro is even safe of outdoor and poolside use).

Features:

- Complete Portable PA System in one unit
- Fully wireless solution with UHF Receiver and Internal Rechargeable Battery power
- Integrated 150W Full range Loudspeaker and class D Amplifier
- MP3 Player (via USB and SD/MMC Card)
- Additional Wired Microphone and AUX inputs
- Extension Loudspeaker Output
- Battery and Mains powered
- Channel 38 Frequency Range
- Voice Priority Switch
- EQ for Microphone and Line Signals
- Tripod Mountable

System Package Details:

- **StagePro BH:** StagePro 150W UHF Wireless Portable PA System including integrated loudspeaker, amplifier, UHF receiver, MP3 Player and supplied with **UHF Beltpack Transmitter and Headset Microphone.**
